Location: Hartford

Hours: Full-time

Closing Date: October 30, 2015

General Knowledge

The Office of Information Technology Services is a nonpartisan office within the Connecticut General Assembly. The mission of the office is to provide strategic technology solutions, services and exceptional support for the Connecticut General Assembly. We are seeking an Application Developer with strong web development skills to develop applications for mobile and desktop devices.

Qualifications

Candidates must possess a broad range of skills and experience in the following areas:

- ASP.NET / VB.NET / C# / MVC
- JavaScript / Node / Angular / Backbone / jQuery
- Zurb Foundation / Twitter Bootstrap
- Mobile First Development
- HTML5 / CSS3
- User Experience (UX) Design
- RESTful Web Services
- MS SQL Server
- Visual Studio / Team Foundation Studio

A high school diploma and at least three years of enterprise development experience or any equivalent combination of education and experience is required. Must be self-motivated to learn quickly and adapt to ever-changing technologies. Must have strong communication skills and the ability to work in team environment.

Application Instructions

Please send resume and cover letter that includes salary requirements by 5:00 pm Friday, October 23, 2015 to Ken Greene, Director, Office of Information Technology Services, Connecticut General Assembly, 210 Capitol Avenue, Room 014, Hartford, CT 06106. We are an Equal Opportunity Employer.

AN AFFIRMATIVE ACTION/EQUAL OPPORTUNITY EMPLOYER

The State of Connecticut is an equal opportunity/affirmative action employer and strongly encourages the applications of women, minorities, and persons with disabilities.
